

Free career counselling programme conducted

May 8, 2017

NAMSAI, May 7: Free career counselling sessions were held at Lathao, Tezu and Roing with the support of Lohit Youth Library Network in Namsai and Lohit districts, and by RIWATCH, Roing.

Seena K P, a career guidance counsellor with the Education Department of Kerala conducted free sessions for senior students, teachers and parents at the three places. She briefed the participants on a range of courses of study and government educational agencies.

She appealed to teachers, parents and library volunteers to orient students from class X onwards to be aware of a range of career openings available in India and to take up a career only after ascertaining their own aptitude and skills.

She also felt that parents should not force their wards to take up only MBBS or engineering studies.

The programme at Lathao Library was organised by Khun Ta Nav Society, Namsai at Bamboosa Library by ViTAES and at Roing by RIWATCH & Ehili Memorial Society, Roing.

Balakrishnan Valappil from Kerala, a renowned photographer of butterflies, also spoke at the venues on the importance of butterflies in the biodiversity of Arunachal Pradesh.
