ASM Medo Sanjay Ngadong and a parent of Manyuliang Saketlu Ngadong lauded the library activists for training reading- deprived students with dedication.

What made the reading contests special was the fact that APNE Library activists in Wakro circle have been running vacation mini- libraries in 13 hamlets, all through the summer Vacation, training Govt. school students in story-telling, reading and recitation. The Vivacity and expressiveness in story telling in Hindi & Mishmi languages clearly complimented the silent but earnest efforts of the activists in spite of harsh climate and a hard rural life.
